

# PLANNING CAREER AS A PROJECT MANAGER?

## Project Manager Competences

### 01 LEADERSHIP

A project manager should possess strong leadership abilities to guide and motivate the project team, make decisive decisions, and inspire confidence among stakeholders.

### 02 COMMUNICATION

Ability to communicate clearly and effectively with team members, stakeholders, and clients is crucial for a project manager to ensure that expectations are understood and information is conveyed accurately.

### 03 RISK MANAGEMENT

Competence in identifying potential risks, analyzing their potential impact on the project, and developing effective mitigation strategies is essential for ensuring project success.

### 04 ADAPTABILITY

Project managers must be adaptable to changes and adept at solving problems that arise during the project lifecycle, ensuring that the project stays on track and meets its objectives despite unforeseen challenges.

### 05 STRATEGIC PLANING

Project managers need to have the ability to develop comprehensive project plans, set achievable goals, and create strategies to overcome potential obstacles or risks.
